

親愛的家長們：

"這些作家的著作，就如茫茫大海中航行的輪船。書中娓娓道出一個個故事，滋養 Matilda 年紀輕輕的堅定心靈，令她日漸成長。"

---瑪蒂達，羅爾德·達爾---

在過去的學年裏，孩子在 Reader Ship 學習了各種閱讀、寫作、認字與語法技巧。這個暑假，我們希望孩子能在原有基礎上進一步獲取語文知識及能得以應用，並從多方面展現孩子的創造力與聰明才智。

暑期課程將於 2017 年 7 月 17 日開課，8 月 25 日完結。期間，Reader Ship 會提供多個新課程啟發孩子，讓他們的語文才能得到充分發揮。

以下是暑期課程的三種主要形式：

1. 以書本為主導，夯實基礎知識
2. 提升溝通能力，增進語言運用
3. 以練習為導向，提升語言技巧

暑期課程我們將採取週一、三、五 / 週二、四的形式上課。如在 **2017 年 5 月 31 日** 前繳交全費，可享早鳥優惠。另外，如為同一名孩子報讀兩個或以上暑期課程，將享有雙重優惠。如欲留位，每一個暑期課程需繳交 \$500 留位費，不設退款。課程名額有限，先報先得。

Reader Ship 英語導航中心

Dear Parents,

"So Matilda's strong young mind continued to grow, nurtured by the voices of all those authors who had sent their books out into the world like ships on the sea."

---Matilda, Roald Dahl---

During the academic year, children at Reader Ship have been learning about reading, writing, spelling and grammar. This summer, we would like children to apply the language skills, that they have acquired, creatively and intelligently in various domains.

Our summer program lasts from 17 July to 25 August, 2017. There will be many new programs for your children to exercise their language skills and brain powers in a stimulating and inspiring way. The summer programs will consist of three major types of courses:

1. Book-based
2. Communication oriented
3. Exercising and boosting language skills

We will have Mon/Wed/Fri and Tue/Thur summer programs. You can enjoy an early bird discount when the full payment is made before **31 May 2017**. You can also enjoy a dual discount when you sign up your child for more than one program. A HK\$500 non-refundable deposit is required for each enrolled program your child. To ensure a secure placement, please register and pay as early as possible.

For course enquiries, please call **3428 8383 / 3428 8382** for Debby or Maggie.

Wish you and your children a fruitful and joyful summer!

Reader Ship Literacy School

1. Book-based

Research shows that learners learn better when they are engaged and motivated. Some series of trade books have been developed to build on children's interest in literacy skills (reading, comprehension and writing) and in stories.

This summer, Reader Ship, applying the experience in using trade books for classroom teaching, has developed the following book-based courses:

All the above courses offer a diversity of language arts activities through stories, and are provided with books.

2. Communication Oriented

At Reader Ship, we propose young learners to start learning the English language with a basic mastery of communicative skills. Imagine a kid who couldn't understand simple English conversation or classroom instructions, learning of the language mechanics become meaningless and empty. The objectives of the following programs are to provide learners with extensive vocabulary words and chances to speak up.

3. Exercising and Boosting Language Skills

What partly builds up the foundation of the language competence of a learner is the technical components of the language: grammar, spelling, vocabulary banks, comprehension, and writing. The following programs help learners exercise on the technical parts:
